Surveillance Techniques

Friday October 4, 2013
0830 - 1700 Hours

Class is limited to 40 students
20 unmarked police cars needed

LOCATION:
LECC Building
2417 La Brucherie Rd., Suite C, Imperial CA. 92251

COURSE DESCRIPTION:

This course is designed to provide a basic level of understanding about the theory and practical application of surveillance. Focus is on problem solving and use of information obtained as a result of the surveillance. Specific tactics, strategies and problem solving models will be addressed during the course. Unmarked cars are needed to make this class successful. There will be a practical exercise, and the unmarked police cars will be utilized. In order for the practical exercise to go smoothly we will need one unmarked car for every two people.

INSTRUCTORS:

Detective Rick Ellington, is a 30 year veteran of the San Diego Sheriff’s Department with 22 years as a Narcotics Investigator and currently assigned to the San Diego DEA Narcotic Task Force. Rick’s Surveillance Class has been sought out by law enforcement agencies throughout the county. Rick also teaches Surveillance Techniques at the 2 week DEA Basic Investigators School.

Detective Mark Knierim, is an 18 year veteran of the San Diego Sheriff’s Department with 9 years in specialized investigations and currently assigned to the San Diego High Intensity Drug Trafficking Area Unit. Mark is a subject matter expert regarding the placement and use of GPS tracking devices. Mark also teaches Surveillance Techniques at the 2 week DEA Basic Investigators School, ICI Core Basic Investigations class and Cal. DOJ 2 week Basic Narcotics school.
